Applicant's election without traverse of Species I, claims 1-9, in the reply filed on 02-17-05 is acknowledged.

The disclosure is objected to because of the following informalities: On page 5, line 21, "IC package 230" should be replaced with --IC package 200--.

Appropriate correction is required.

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: 303. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claims 1-9 are objected to because of the following informalities:

In claim 1, lines 7-8, it is unclear what is recited through the use of "cold formed features".

Claim 7 recites the limitation "mating materials" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Appropriate correction is required.

Claims 2-9 would be allowable if rewritten to overcome the objection(s) set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 1 would be allowable if rewritten or amended to overcome the objection(s) set forth in this Office action.
